

Photonic Layouts for Earth Ascension & DNA Activation

As an aspiring spiritual alchemist, I am always carrying the intention for enlightenment and union with the Divine to occur for myself, for humanity, and for the Earth. This is in accord with the words of Paul Levy, which I have quoted earlier (and which I have posted on the wall in several rooms of my home):

Alchemy is a timeless, sacred art, as the alchemists' art is to become an instrument for the incarnating deity to make itself real in time and space.

Thinking about Levy's aphorism, it occurs to me that the Divine is already real in the realm of pure spirit, and in the subtle/imaginal realm. If there is a place where the presence of the Divine is yet to fully manifest, it is in our physical reality—the realm of time and space. As I have written, all of my inner encounters with Sophia have shown me that, even though she is vast and wise beyond our understanding, *she needs our help* if she is to achieve her fulfillment.
